VETERAN BALL PLAYER BACK IN HARNESS

(By Associated Press.) PITTSBURG, June 7.—Hans Wagner has been reinstated. No statement was made as to the salary Wagner will receive under the new contract. For the past two years it is said he has been receiving \$10,000 and, according to some reports, it was because of a reduction that the veteran failed to report this spring.

TAG DAYS THE RAGE THROUGHOUT ENGLAND

(By Associated Press.) LONDON, June 7.—England has been afflicted with flagdays, or tag days as they are called in America, almost since the start of the war, but now the whole business has reached the proportion of an epidemic. In London, for instance, there were 16 flag days during May. During June there will be 23, which is a record.

COMMENCEMENT AT THE HIGH SCHOOL FOR CLASS OF YOUNG DEBUTANTES

This evening the high school commencement exercises will be held, and 13 pupils will receive the diplomas marking this important step in their lives, in the high school gymnasium. Thirteen is Tonopah's lucky number this year, as it will be remembered that 13 young ladies were on the roster May 25, when the Nye county normal graduating class received their diplomas.

Hugh H. Brown, of Tonopah, will deliver the commencement address to the graduating class, taking for his topic the stirring events of the times. The diplomas will be presented by J. B. Tregloan, clerk of the board of trustees.

Those who will graduate this year are Shannon Brown, Gertrude Louise Dittworth, John P. Harrington, Albert John Gilbert, Cora Johnson, Jennie Marie Howson, Margaret Ray, Louise Parker, Lella Elfreda Sloan, Anna Lavina Shields, Marion Elizabeth Luce, Mabel Claire Laurance and Gracella Rountree. Of these, two—Cora Johnson and Louise Parker—have this year completed the work of the county normal also.

Two of the graduating class will doubtless be teaching the coming year. Practically all the others are laying their plans to continue their education next year in university or normal.

The boys and girls of this class signalize the close of their local school career by publishing a de luxe edition of The Prospector, a magazine that has been sacred to the doings and performances of the students.

DENHAM COX DIES IN SOUTHERN CITY

SECOND SON OF DR. EMIT COX SUCCEEDS TO PNEUMONIA AFTER OPERATION

A telegram was received by Mrs. June Peck this morning from Dr. J. Emit Cox in Los Angeles announcing the death of his son Denham Cox, who died there this morning after a brief attack of pneumonia. The attack was supposed to have been superinduced by a recent operation for adenoids, although the young man was reported as having completely recovered. Death occurred at 8:30 o'clock. The first intimation the father had of the gravity of the case was late Sunday night when he got a wire telling that his boy was very low. The doctor left for the southern metropolis Monday morning going by way of Goldfield and arrived in time to see his boy before the grim conqueror came.

Deceased was only 21 years of age and had been married on April 25th to a young lady of Los Angeles. He was here two summers ago and attended high school until he left for California to take up a special course. He was the second son. The eldest brother graduates today in medicine from a Los Angeles college. Dr. Cox will be back in Tonopah in a few days.

MONARCH VALUES SHOWING A GAIN

SECOND SON OF DR. EMIT COX SUCCEEDS TO PNEUMONIA AFTER OPERATION

At the Monarch Pittsburg considerable improvement is showing in the face of the intermediate west drift off the 800 raise today. For some time past the values have been around \$12, but the round of shots blasted yesterday exposed a much better grade. Assays from this face are being run today and it is predicted by the management that the average sample taken across two feet will run \$20.

The east drift is going steadily ahead and shows from 10 to 12 inches of good ore, as is also the 300 raise which shows a larger body of quartz but the values are too low as yet to make it commercial.

THE GIRL PHILLIPA AT THE BUTLER FRIDAY

In "The Girl Phillipa," the special eight-part Blue Ribbon feature from Robert W. Chambers greatest novel, which is coming to the Butler on Friday, for one day only, Miss Stewart scores the greatest triumph of her entire career. In the wonderful title role of the girl "Phillipa," she gives her many friends a characterization worthy of the greatest praise and one that has won the most favorable comments from all critics. Phillipa naturally clings to the big, uplifting things in her life, somehow, although her environment is that of a cabaret, where she acts as cashier and sometimes spy for the notorious proprietor, selling information to either faction of the warring countries—to whichever means the most gold pieces. This picture has broken all theater records, showing in the Rialto theater in New York in one week to over 20,000 people at 50 cents admission. It has created a sensation everywhere. The price of admission is 10c-20c-25c at night and a special matinee will be given Friday afternoon at 15c. The matinee will start at the regular time, and the two night shows at 7:15 and 9:15. The picture will please you. Endeavor to see it either at the matinee or night show. Special music which was written for the picture will be rendered by the Butler orchestra. It is a film masterpiece. — AdvJ7.

AMUSEMENTS

BUTLER THEATER

A seven reel Fox program will be the attraction at the Butler tonight. George Walsh, acknowledged as the best actor in film comedy-drama, will appear in another rollicking picture. It is William Fox's "High Finance," a story which gives Mr. Walsh a rare opportunity to display his prowess and fun-making ability. Mr. Walsh plays the role of Preston Platt, a young spendthrift, who, because he is threatened with being disinherited, hires out as a valet with a scientist about to go west to explore a deserted mine. On the trip he meets Patricia West, (Doris Pawn), a young girl, who, to assert woman's rights, became private secretary with the same scientist. Preston falls in love with Patricia. To show his father he has some ability he "salts" the abandoned copper mine, starts a run on the stock and sells it to his father for \$100,000. When his father arrives and sees he has been bamboozled, Preston leaves to make Patricia his bride, having netted a nice fortune from the mine deal. Dad relents and welcomes his financier son back home. The other feature is a two-reel Fox comedy, "His Love Fight." These comedies speak for themselves. They are all first class. Tomorrow, the big eight-reel special Vitaphone feature, "The Girl Phillipa," with Anita Stewart in the leading role.
